

Finding a health care provider outside of the United States

The UnitedHealthcare Global network includes more than 1.3 million health care providers worldwide. This guide will help you find a provider outside of the United States by using the member website, **myuhc.com**®. If you have not already signed up for access to the member site, you will need to register at **myuhc.com** before you can search for a provider online.

1. Log in to myuhc.com and click "View Global"

UnitedHealthcare Global

HELP ENGLISH ACCOUNT / PROFILE

Where would you like to use your global plan benefits?

Outside of the United States

Find international providers, submit claims, view detail of international claims

ARRANGE DIRECT PAYMENT TO A PROVIDER

3. Enter information about your location and the type of care we can help you find

The screenshot shows the UnitedHealthcare Global website interface. At the top left is the UnitedHealthcare Global logo. To the right is an 'ACCOUNT SETTINGS' button. Below the logo is a navigation bar with links for 'HOME', 'FIND CARE', 'CLAIMS', and 'COVERAGE & BENEFITS'. The main content area has the heading 'What type of care can we help you find near:' followed by the location 'Mandaluyong City, Philippines 1550' and a 'CHANGE LOCATION' link. Below this is a search input field with the placeholder text 'Specialty, Doctor Name, Facility Name, or Clinic Name' and a 'SEARCH' button. A red error message below the input field reads 'Please enter search criteria.' Below the search field is a blue square button with a white location pin icon, labeled 'SEARCH NEARBY', with a red error message below it that reads 'Please select location.'

4. Review the search results to identify a provider who can meet your needs

Results will display the provider/facility name, specialties, facility type, additional provider information (like address, phone number or website link), whether or not they speak English, and if direct pay is available through the UnitedHealthcare Global network. You can print the results page if you would like.

Contact us

Questions? We're available to help 24/7. From inside the U.S. or Canada, call us toll-free at **1-877-844-0280**. From outside the U.S. or Canada, call us at **+1-763-274-7362**. Reverse charges will be accepted.
